I requested the Oil and Gas Bureau forward a copy to you via e-mail. Are you (EPA) under some kind of direction to get involved or research any and all enforcement actions taken by the states concerning environmental compliance? We have been getting requests from others at EPA requesting copies of orders, filings, etc.

Ron,

Can we get a copy of PADEP's stop work order issued to Cabot?

I have a feeling there will be ongoing requests for enforcement documents. Soon we'll have a secured web site where they can be collected and maybe it will be easier to just give folks access to post them there.

FYI. Here is a complaint that has been filed against Cabot Oil and Gas Corp and its drilling company. It alleges a number of claims related to hydrofracing. Paragraph 35k references a September 2009 PADEP order requiring Cabot to cease fracturing/well stimulation activities. Can we get a copy of that order?
